## Intern, Part Time – Heights Arts Gallery and Store

**What:** Heights Arts is seeking an intern for our store in Cleveland Heights, Ohio. This internship will assist Heights Arts in two different phases of implementation and follow-up of our Holiday Store, and maintenance of our year-round Store. The Holiday Store happens every year in the months of November and December, representing a large portion of Heights Arts' income for the year.

**Description:** The Store includes a broad selection of giftable art in ceramics, glass, jewelry, painting, printmaking, photography, fiberworks, artist tees, paper crafts and handmade holiday cards, as well as artisan items for the home and the littlest ones in the family (not to mention poetry chapbooks and CDs from Cleveland musicians). Because the Holiday Store fills the entire gallery space with works from more than 80 artists, the list is far from complete. New art continually arrives through December, so visitors are encouraged to return and support local artists with their holiday purchases. Special seasonal shopping days may include Small Business Saturday plus the Cedar Lee Holiday Stroll in early December.

**Educational Value:** Interns will learn and develop interpersonal skills in dealing with the public and artist community in person and through online and telephone communication. In addition, Interns will learn skills in database management, inventory management, and retail management through their work in identifying new and maintaining current relationships with artists and the community. Interns will gain insight into Cleveland's artist community and artist culture, and interface with other arts organizations with which Heights Arts collaborates. We can also address opportunities that align with an individual intern's interest if it relates to our operational procedures.

**Eligibility:** Internships are available for university undergraduate and graduate-level students and recent graduates of university programs. Working artists and exceptional high school students will be evaluated and accepted on a case-by-case basis. College Credit for your internship may be arranged through your university.
